Banner & Flyer Policies

Banners are not permitted on any construction site fencing without prior permission due to safety regulations. Please contact the owner of the site if interested in posting a banner.

BANNERS

University-wide programs may be advertised on the pedestrian bridge over Eagle Row and the Haygood-Hopkins Gate.

These two spaces have specific requirements, including size, banner type, and content. Please contact Meeting Services for more information about the Pedestrian Bridge and Haygood-Hopkins spaces.

Banners can also be hung on Cox Bridge on a first come, first served basis.

FLYERS

Bulletin boards are located on the 1st floor of the AMUC building for the posting of flyers. This community space may be used to hang flyers without a reservation. Taping of any type of flyer in or outside the building, on any surface, is not allowed. Flyers should only be hung on the designated community bulletin boards. AMUC staff will clear the bulletin boards of old flyers periodically.
